Chino, CA

## EXPERIENCE

### Supervisor

#### The Kickin' Crab

2016 - Ongoing Irvine, CA

The Kickin' Crab is a Cajun seafood restaurant.

- Responsible for the development of FOH staff members on customer service skills, food and beverage knowledge, and health & safety standards.
- Assist with the hiring and training of 80+ employees on POS system (Aldelo).
- Assist 50+ customers on 150+ orders on any given weeknight, bringing in \$9k in sales while providing exceptional hospitality through a 200+ seat restaurant.
- Keep track of weekly inventory to ensure that the restaurant never runs out of essential tableware and other restaurant goods.
- Hand-picked by management to travel and open multiple new locations to train new staff (locations include: Chino Hills, CA; Riverside, CA; Baldwin Hills, CA; Carrollton, TX).

### Sales Associate

#### Vintage Addiction

2019 - 2019 Ontario, CA

Vintage Addiction is an online retailer.

- Managed all online orders, from pulling merchandise, packaging and ensuring customer satisfaction.
- Maintained the cleanliness and organization of the warehouse inventory.
- Traveled to 8 different tradeshow nationwide to sell an average of \$20k in merchandise.

#### Professor Messer

04/2021

## PROJECTS

### The Chef

01/2018 - 03/2018

<https://github.com/---/TheChef>

Graduation Project

- The Chef is a mobile application which is developed in Android Studio in Java. The Chef is a handbook of the recipes. The Chef is the application which shows the recipes including the ingredients of user's selection. It gave me a great graduation score (95/100) and a reference letter by my professor.

### Finance Tool for Amateur Sport Clubs

03/2019 - 04/2019

<https://github.com/---/CRMFinanceSoftware>

Financial CRM Software Project - Developed at Code Academy

- The project is a Financial CRM Software which is developed for Amateur Sport Clubs to have the controls on finance (expenses & incomes). The CRM Project is a Windows Form Project which is developed in C# with the technology of Entity Framework and the approach of N-Tier Architecture. Currently working on platform change to the technology of ASP.NET MVC 5.
